Remarks

Renovated to perfection in popular Northgate! Everything has been done beginning with the cook's kitchen: 6-burner Wolf range, Subzero, large marble center island. Adjoining the dream kitchen is the massive pantry with desk space, wine cooler and tons of additional cabinetry as well as the family room and gas fireplace. Custom cubbies in the huge mudroom catch all. Spacious master suite with his and hers walk-in closets, large marble bath with soaking tub and oversized shower. Family bath and powder room also beautifully remodeled. Second floor laundry. Custom millwork, built-ins and fresh paint inside and out. Lower level rec room get away. Look forward to summer entertaining on the 40' bluestone patio with fire-pit. A rare jewel and just a short walk through the very popular Northgate neighborhood and bike path to Bates School. Needless to say, do not miss!
